

Immediate Action Required

Stop Use and Action Notification. Immediate Action Required

Products. Select 3M™ DBI-SALA® Sealed-Blok™ Self-Retracting Lifelines

3M is issuing this "Stop Use and Recall/Replace or Remediate" notice for select 3M DBI-SALA® Sealed-Blok™ Self-Retracting Lifelines

As part of 3M's ongoing commitment to delivering high quality products, we are notifying our customers of the following information related to select 3M™ DBI-SALA® Sealed-Blok™ Self-Retracting Lifelines (SRLs). 3M Personal Safety Division has identified an aging effect that may impact the performance of the 3M DBI-SALA® Sealed-Blok™ SRLs produced from January 2022 to October 2024. Additionally, any devices repaired by 3M, or an authorized service center (ASC), during this timeframe may also be affected. Through laboratory testing, 3M has determined that in the event of a fall, these devices may not lock up as designed **which could expose the worker to serious injury or death. There have been no reports of injuries associated with this issue.** Affected sizes are all variants of the 85 ft (~26M), 130 ft (~40M), and 55 ft (~17M) self-retracting lifelines, see appendix for the full list of models impacted by this stop use notice.

Due to this, we are sending out this Stop Use and Recall / Replace or Remediate Notice, so the select 3M DBI-SALA® Sealed-Blok™ Self-Retracting Lifelines are removed from service immediately. 3M is working towards having replacement product and remediation solutions available soon. Failure to read and follow all instructions associated with this Notice may result in **serious injury or death** of a user. Instructions for appropriate next steps are below.

Immediately stop using your Sealed-Blok™. To identify Users/Owners:
if your product is affected, follow the steps listed below:

Step 1. Locate the model number on the metal identification label (see Photo 1). If your device model number is listed in Appendix B, proceed to **step 2**. If the model number is not included in Appendix B, it is not part of the notice and can be returned to service.

Step 2. Locate the manufacturing and service date records on the metal identification label. If the device was manufactured OR serviced from January 2022 to October 2024, go to **step 3**. If the device was not manufactured or serviced during the affected timeframe, it is not part of the notice and can be returned to service. (See Appendix A for remediation mark on label).

Step 3. To begin the process for addressing affected device(s), please go to www.3M.com/SealedBlokRecall; www.3m.com.au/sealblokrecall; www.3m.co.uk/sealblokrecall; www.3m.com.sg/sealblokrecall; www.3mnz.co.nz/sealblokrecall; www.3m.ca/sealblokrecall; www.3m.co.za/sealblokrecall; or www.3mae.ae/sealblokrecall and complete the intake form which will help you to determine what options are available for your situation. Not all replacement or remediation options are immediately available at the time of this communication.

Distributors:

Upon receipt of this Notice, please contact your 3M Fall Specialist for a listing of the impacted products sold to you. If you have any of the impacted 3M DBI-SALA® Sealed-Blok™ Self-Retracting Lifelines in stock, please contact 3M Customer Service to setup a Return Material Authorization (RMA) and receive product credit or replacement. **Please immediately forward this Notice to any of your customers who have purchased impacted products from you and provide any assistance requested by your customers to complete the process**

Appendix A – Additional Sealed-Blok™ Information

<p>3M DBI-SALA® Sealed-Blok™ Self-Retracting Lifelines that have gone through remediation will have a “0” marked on the metal identification label near Lot or Manufactured Date (see image).</p>	
<p>Generation 1 Sealed-Blok™ Self-Retracting Lifelines, produced prior to 2015, have a different housing (teardrop shape). They are not part of the notice and can continue to be used and repaired as directed.</p>	<p>Generation 1 - 3M DBI-SALA® Sealed-Blok™ Self-Retracting Lifelines</p>
